# COR Stores/ National / Indirect Channels

## What do we do with current inventory?

- Updated inventory scheduled to arrive in the DC's by week of 10/22 for 750 and week of 10/29 for 680
- COR National Channels/Local Dealers will **NOT** have to re-flash existing inventory
- COR Stores /National Channels/Local Dealers will **NOT** send impacted inventory back to D/Cs
  - SCQE and Supply Chain recommendation given low levels of remaining inventory impacted at the time of Maintenance Release (7-14 days worth of sales)
- Communication of Product Advisory from Supply Chain to all channels via Standard Procedure

# Communication Plan

- Channel Communications in CSP/MyCSP for all channels
  - Target 10/22- Supply Chain Product Advisory
- Leadership Communications
  - 10/4 Nat Marketing Call Review
  - 10/8 National Data Call Review
  - TBD SMB call
