## 1. Introduction

So you are in a long boring meeting and you need an excuse to get out of it. Would it be nice if you can program your nice Treo to make an urgent fake phone call?

FakeCall allows you to set up a fake phone call given a time delay and it will play the selected ringtone. Everything is authentic. Even the call screens are Phone look a like.

So when the next time you need to get out of a boring meeting, conversation or impress someone just remember to activate the fake call.

## 2. System Requirement

- Treo® 600/650/680/700p/755
- 42k of free memory

### 2.1 Compatibility

- PalmOS® Treo

## 3. Installation

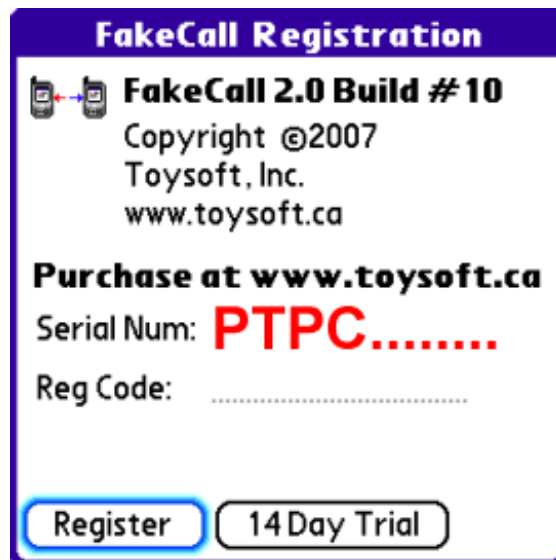

To install FakeCall double click on the file FakeCall.prc and then press the HotSync® button on the cradle. The HotSync® manager will install the file FakeCall.prc on to your Palm.

#### 4. Registering FakeCall After You Purchased

After you have installed all the files, launch FakeCall and you will see the following screen below when you run FakeCall

You will need to write down your **HotSync® ID** to use for generation of your Registration Key. Send your HotSync ID to [support@toysoft.ca](mailto:support@toysoft.ca) for your registration key.

When you get your Registration Key, launch the **FakeCall** application again and enter the Registration Key into the RegCode: input area and tap the **Register** button. You will only have to do this once.

FakeCall registration

**For a 10 day trial tap on the 14 Day Trial button.**

## 5. Launching FakeCall

To launch FakeCall look for the icon **FakeCall** in the Launcher and tap on it.

## 6. User Interface

Main Screen.

## 7. Activating FakeCall

There are two ways to activate a FakeCall.

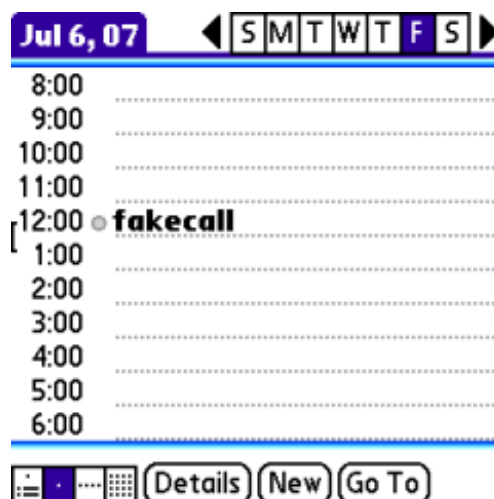

### 7.1 Manual Activation

To activate a Manual fake call set the Ringer switch to the Off position and then back to the On position within 5 seconds. The ringer switch is on top of the Treo. This is the same switch to Mute the system sound.

### 7.2 Automated Activation with Calendar Application

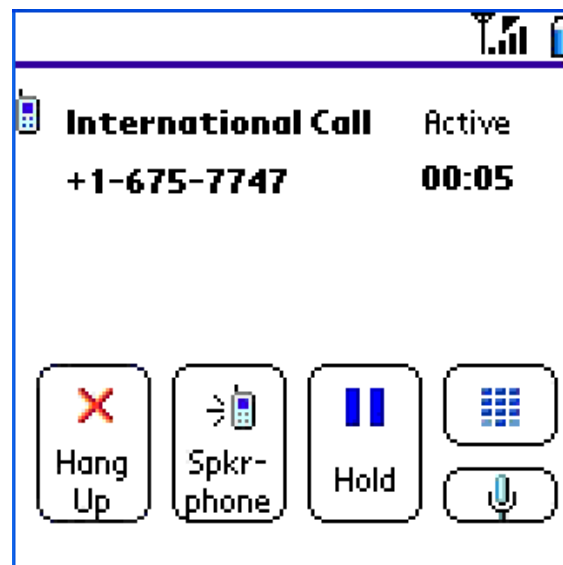

To set an automated FakeCall you must use the Calendar application and create a new appointment and put in the keyword “fakecall” in the appointment description. See example:

## 8. FakeCall Screens

The above screen is the fake call screen. You must select Answer or Ignore. When you select the Answer button the following screen will be displayed.

Active Call screen

To close the above window tap on the **HangUp** button. Other buttons do not work.

When you select the Ignore button Fake Call will return to the Launcher.

If you do not select the Answer or Ignore Fake Call will continue to play the ringtone. When the Duration time is up Fake Call will stop the ringtone and display the following screen.

Missed Call screen

Select the OK or CallBack screen to close the window. FakeCall will not do a callback if you select the CallBack screen. This is just a fake screen.

## 9. FakeCall limitations

- Does not work with security applications when the device is locked. You will have to unlock the device first.
