Be able to set seven different brightness in advance.

---

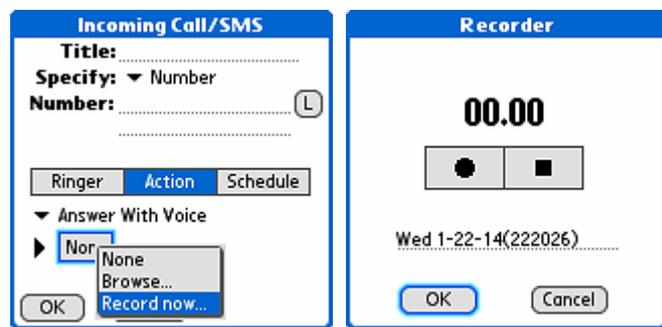

# Ringer/Filter

MP3 Ringtones enable you to assign different ringtones to your contact. LED reminds you of the contact at the same time. You could assign different responses to calls and SMS, such as: refuse phone calls, answer calls and reply SMS automatically, hide SMS, delete SMS.

*Note:* You have to install **pTunes**.

- *Tap item to:[Enable / Disable]* : Taping **Enable** and selecting an item will make the item usable. Tap **Disable** and select an item to make it disable.
-   : Tap the arrows to change the preferential orders of the items.

Record your voice to answer some phone calls automatically.

*Note:* The recorded voice will be saved in: /Audio/Wave directory.

## Practical Examples:

Questions	Solutions
1. How to set a new phone ringer.	<ol style="list-style-type: none"> <li>1. New a <b>Received Call</b> record.</li> <li>2. Assign a phone number or category.</li> <li>3. Select your favorite MP3 music, or use <a href="#">default ringer</a>.</li> <li>4. Select different LED lights if you like.</li> </ol> <p>You can use the same ways to set SMS ringer.</p>
2. If you leave your Treo in your friends' house, how can you keep others from getting the	<ol style="list-style-type: none"> <li>1. New a <b>Received SMS</b> record.</li> <li>2. Input another phone number, such as your</li> </ol>

<p>private information saved in it?</p>	<p>family member's.</p> <ol style="list-style-type: none"> <li>3. Input your trigger words in <b>Trigger</b>, like "@LOCK-DEVICE@".</li> <li>4. Select <b>Start Application</b> in <b>Action</b> tab.</li> <li>5. Then select <b>Security</b> application.</li> </ol> <p>After that, when you really leave your Treo in your friends' house, you can send your trigger words to Treo by SMS, using the number you set in step 2. Through this, your Treo will be locked automatically.</p>
<p>3. What can you do when you can't answer a call at an important meeting?</p>	<ol style="list-style-type: none"> <li>1. New a <b>Received Call</b> record.</li> <li>2. Select <b>Category</b> in <b>Specify</b> and then select "<b>All Contacts</b>".</li> <li>3. Select <b>Ignore call</b> in <b>Action</b> tab.</li> </ol> <p>After that, all the calls during the meeting will be ignored. PhoneFuns5 will save them for you to check after meeting, and you can disable this feature.</p>
<p>4. What can you do when you don't want to be disturbed by business on Saturday?</p>	<ol style="list-style-type: none"> <li>1. New a <b>Received Call</b> record.</li> <li>2. Select <b>Category</b> in <b>Specify</b> and then select <b>Business</b>.</li> <li>3. Select <b>Ignore call</b> in <b>Action</b> tab.</li> <li>4. Check <b>Enable Schedule</b> option in <b>Schedule</b> tab, and select Saturday in <b>Week option</b>.</li> </ol>
<p>5. How to set default ringer?</p>	<ol style="list-style-type: none"> <li>1. Open menu from main window and select <b>Preferences</b>.</li> <li>2. Choose default SMS ringer in <b>SMS Ringer</b> tab.</li> <li>3. Choose default phone ringer in <b>Phone Ringer</b> tab.</li> </ol>
<p>6. Check Call / SMS logs.</p>	<ol style="list-style-type: none"> <li>1. Open menu from main window and select <b>Logs Manager</b>.</li> <li>2. In <b>Los Manager</b> you can check the details of your logs, delete logs and much more.</li> </ol>
